

Drill Down Visuals Cheat Sheet

zoomcharts®

Create reports using a suite of Drill Down visuals to achieve intuitive usability, cross-chart filtering, and interactive drill-downs for data-driven decision-making.

ZoomCharts visual	Use it if you want to build one of these charts
	<i>(Please note that some of the functionality available in Power BI built-in charts is not available in ZoomCharts visuals and vice versa)</i>
<div></div> <div>Drill Down <b>Combo</b> PRO (filter) Combine line, area, and column charts for categorical data.</div>	<div>For categorical data:</div> <div><div>... Column chart</div><div> Area chart</div><div> Stacked area chart</div><div> Line chart</div><div> Stacked column chart</div><div> Clustered column chart</div><div> 100% stacked column chart</div><div> Line and stacked column chart</div><div> Line and clustered column chart</div><div>... Various other combinations of line, area and columns charts (regular, stacked or clustered)</div></div>
<div></div> <div>Drill Down <b>Combo Bar</b> PRO (filter) Accompanies vertical line, area, and column charts for categorical data.</div>	<div>For categorical data:</div> <div><div> Bar chart</div><div> Line chart</div><div> Area chart</div><div> Stacked bar chart</div><div> Clustered bar chart</div><div> 100% stacked bar chart</div><div>... Various other combinations of line, area and columns charts (regular, stacked or clustered)</div></div>
<div></div> <div>Drill Down <b>Timeline</b> PRO (filter) Explore time-based data using DAX calculated measures.</div> <div><div></div><div>Drill Down <b>TimeSeries</b> PRO (filter) Explore time-based data in a simpler manner.</div></div>	<div>For date and/or time-based data</div> <div><div>... Column chart</div><div> Area chart</div><div> Stacked area chart</div><div> Line chart</div><div> Stacked column chart</div><div> Clustered column chart</div><div> 100% stacked column chart</div><div> Line and stacked column chart</div><div> Line and clustered column chart</div><div>... Various other combinations of line, area and columns charts (regular, stacked or clustered)</div></div>
<div></div> <div>Drill Down <b>Waterfall</b> PRO (filter) Illustrates changes in values over a sequence of categories.</div>	<div> Waterfall chart</div>
<div></div> <div>Drill Down <b>Pie</b> PRO (filter) Shows parts of a whole in a circular format. Use this as a filter for your report.</div>	<div> Pie chart</div> <div> Pie chart shaped as gauge</div>
<div></div> <div>Drill Down <b>Donut</b> PRO (filter) A ring-shaped chart displaying parts of a whole.</div>	<div> Donut chart</div> <div> Pie chart shaped as gauge</div> <div> Pie chart</div>
<div></div> <div>Drill Down <b>Map</b> PRO (filter) Visualize location data on maps that are easy and intuitive to explore.</div>	<div> Map</div> <div> Filled map</div> <div>... Other map chart variations</div>
<div></div> <div>Drill Down <b>Graph</b> PRO (filter) Map and explore relations among data points, identify outliers and discover patterns.</div> <div><div></div><div>Drill Down <b>Network</b> PRO (PIN) Explore networks from category-based data</div></div>	<div>... Graph and network charts</div>
